

# BETABOX LEARNING

## NORTH CAROLINA PROGRAM SUMMARY

Calling North Carolina K12 Schools! Betabox Learning has been included in the 2022 North Carolina annual budget. We've opened up applications to participate in this exciting STEM Education pilot.

### About Betabox Learning

The mission of Betabox Learning is to spark and sustain high-quality hands-on learning experiences in the lives of students everywhere. We deliver hands-on learning STEM curricula in the form of in-person Onsite Field Trips. Our Onsite Field Trips are followed by online professional development and coaching for teachers through an online membership portal.

### Program Structure

This NC Betabox Program Pilot has been launched in order to help mitigate impacts of learning loss amongst rural and underserved schools throughout North Carolina.

- 01** Application and Enrollment of your District in this Program (up to three middle and high schools).
- 02** Kickoff Call with Betabox, Program Tailoring, Services Scheduling.
- 03** Up to 4 days of Betabox Onsite Field Trips at your schools. Provides a memorable hands-on learning experience to up to 500 of your students.
- 04** Onboarding of nominated educators in the district to Betabox Membership. These educators will receive access to professional development, standards aligned hands-on learning lesson plans, and the ability to 'checkout' hands-on learning equipment

## Cost for Participation

If your school's application is approved, there is **no cost** for participation in this

## Eligibility Requirements

- ✓ A North Carolina middle school or high school with a greater than 50% Economically Disadvantaged score based on NC Report Card.
- ✓ District level participation and assistance in scheduling and evaluation.

## FIRST ROUND APPLICATION DUE DATE

**March 1st, 2022**
